

**The Gilford Public Library's** Teen Advisory Board (TAB) is a group of teens in 7th – 12th grade committed to helping the library. The board meets the \_\_\_\_\_ of each month from 4:00 – 5:00 p.m. to help with the planning and implementation of teen programs, recommend materials for the library to purchase and review current books they are reading. TAB will discuss ways to make your library experience better. The Library will call upon the TAB members when volunteers are needed for special events.

**Our Mission Statement:**

The Mission of the Teen Advisory Board (TAB) is to represent a positive teen force in the library. TAB encourages teens to become life-long library users, promote teen reading, teen programs, and participation in the library. TAB members assist the library both in developing and reviewing materials and programs which serve local teens and the community.
